CARB-O-LITEDomusawnings

CORRUGATED OR TWINWALLED POLYCARBONATE AWNINGS

Roof Attachment

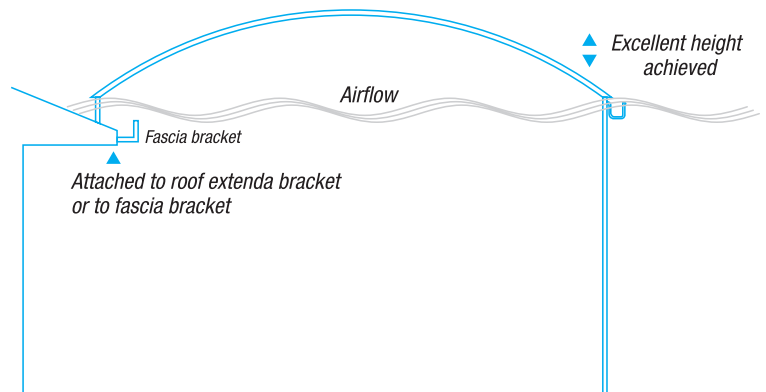

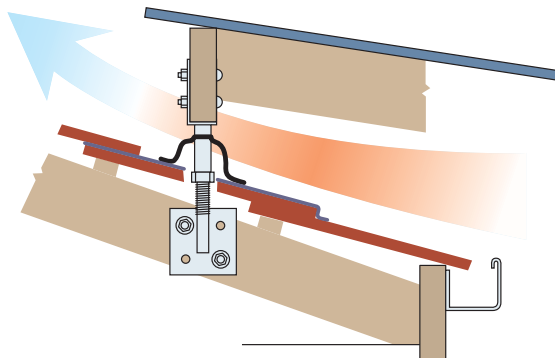

Specifications

- Available in twin wall / corrugated polycarbonate
- Fully engineered designed frames
- Bracket fix through roof tiles or through fascia
- Fully powder coated understructures
- Large choice of sheet colours to choose from
- Spans to 6m
- Excellent air ventilation for better heat reduction

The System

The dome like structure allows natural tunnel breezes to occur allowing ventilation of any heat build up. By using roof brackets, air can escape either side. This unique design allows a comfortable translucent area to be built with reduced risk of heat build up (conditions apply).

Roof Extenda bracket system
